Llandilo Public School P&C Committee
From the Principal......

Congratulations to our Junior Netball team – they are the Penrith PSSA competition champs! All of our netball and soccer teams did a wonderful job throughout the winter comp, even with the numerous cancellations due to grounds being closed. The summer comp is upon us again, hopefully without too many cancellations for our T-ball and cricket teams. If games are cancelled, the school receives an email notification on the Friday morning - this may not come in until after 8.30am. As soon as we have confirmation of a cancellation, we will place it on our Skoolbag App and will be able to answer your queries with accuracy.

A group of Stage 3 boys went to a rugby league gala day this week. Mr Andrews sang their praises, as these teams played with gusto, but more importantly showed outstanding sportsmanship in their interactions with other players. Well done boys - that puts a smile on my face!

In accordance with the Companion Animals Act (1998), I need to remind all community members that dogs are not allowed on school grounds. Section 14 of the Act states,

1) Dogs are prohibited in the following places (whether or not they are leashed or otherwise controlled):

(e) School grounds (meaning any property occupied or used for a purpose connected with the conduct of a government school or non-government school under the Education Act 1990.)

This includes any venue in the community being used for school activities, including sporting fields. Please be mindful of this, so that all of our children feel safe.

Next week we will commence two weeks of swim school. There will be 60 students attending from years 2 - 6. I hope the spring weather stays reasonable and those skills are honed, ready for safe water activities over the upcoming holidays.

To further update our technology resources, we have purchased 15 new desktop computer units. These will be placed in classrooms. Over the next few years we will embark on a renewal program so that the older units are replaced with current and working hardware. Three staff members attended a course last week about managing Apps and synching our sets of iPads. This will enable class teachers to better integrate iPad technology into their daily teaching.

Other current major spending projects include an update of reading materials across K - 6 and investigation of a school wide spelling program. School planning teams are also looking into resources required to implement the new History syllabus next year as well as ensuring we have enough hands-on materials to support mathematics across the school.

The P&C are running a Fathers’ Day stall this Friday. Students attending PSSA will have the opportunity to purchase before they go. A great chance to support our school and supply that special male role model in your life with a big thank you. Whatever you decide to do - I hope you all have a wonderful family Fathers’ Day.

"Any man can be a father, but it takes someone special to be a dad" - Anne Geddes.

Yours in learning
